

WAP to display the grade given a mark by using following constraint-:

Constraints -:

75 & above    -: A grade

60-74            -: B grade

35-59            -: C grade

Below 35        -: Fail

In [8]:

```
marks = int(input())
if marks >= 75:
    print("Grade Recieved : A")
elif marks >= 60 and marks <= 74 :
    print("Grade Recieved : B")
elif marks >= 35 and marks <= 59 :
    print("Grade Recieved : C")
else:
    print("Fail")
```

35  
Grade Recieved : C
